

HEATHER NAIR, EDITOR (Offline and online)

(+44)7591 647455 | heathcam@gmail.com | 62b Navarino Road, London E8 1AQ

I've been working as a freelance editor since 2001. I use both Premiere Pro and Avid and have worked on a number of short and long form broadcast and web productions, including The Walt Disney Company, BBC, ITV and Channel 4. Previous to my editing career, I gained valuable experience starting as an Assistant Director and then moved on to directing (gallery and OB) an award-winning sitcom before finding my real passion in editing.
