- Strong editorial and music background
- Used to meeting fast-turnaround deadlines for live shows
- Experienced with a range of formats; Ob Doc, Cooking, Entertainment, Reality, Music promos, Title sequences and Drama

'The Apprentice' review – The Telegraph, 8 July, 2011 Michael Hogan

'The editing of the series – making London look gorgeous, tedious tasks seem tense and elevating boardroom squabbles to gladiatorial combat – is one of its major strengths and this compilation was no exception. It was pacy, slickly cut and dramatically sound tracked, and made footage already screened seem fresh and compelling all over again.'

EDITING CREDITS INCLUDE:
