Profile

I am a fast, creative editor with 19yrs Broadcast experience and have worked across most genres (documentary, specialist factual, obs-doc, entertainment, drama and features) and formats (i.e multi-cam, fixed rig, studio and single cam shoots). I consider myself a sensitive storyteller, adept at weaving complex themes together to build compelling narratives and story arcs. I am self-reliant and equally comfortable working independently to a brief, as I am working in close collaboration with the director and/or producer.

I worked in L.A. for 8yrs and have US working rights. I am bilingual in French, proficient in Spanish and have edited in both languages. I have also cut televised dramas and documentaries in British Sign Language (BSL).
